

## ERNEST CONGLETON IN FATAL ACCIDENT

**Girl Is Killed and Local Boy  
Among Others Injured When  
Auto Hits Buggy**

Ernest Congleton, one of Richmond's best known young men, a son of Lee Congleton, was injured in an auto accident on the Lexington and Richmond pike late Sunday. A maid employed at the Leonard Hotel, was killed in the smash-up. The Herald tells of the accident as follows:

One woman was killed, another woman seriously injured and four other persons bruised and shaken up in a collision between an automobile and a horse and buggy at the intersection of the Richmond and Walnut Hill roads Sunday afternoon soon after 5:30 o'clock.

The dead woman is:  
Rena Horn, 24 years old, maid at the Leonard Hotel.

The injured are:  
Gertrude Wells, 19 years old, day clerk at the Leonard Hotel; knocked unconscious bruised and shocked.

Ernest Congleton, farmer, driver of the automobile, bruised and shocked.

C. D. Brewster, lumberman, shaken up.

W. O. McConnell, salesman for American Tobacco Company, cut and shaken.

Leslie Gibbons, 12 years old; badly shaken.

Congleton, Brewster and McConnell were on their way from Lexington to the home of Mr. Congleton's father on the Jack's Creek pike in a Ford coupe, and girls and the boy were driving in a buggy into the Richmond road from the Walnut Hill pike when the accident occurred.

The automobile struck the front wheel of the buggy, throwing the occupants out, detaching the horse from the harness and causing the car to swerve into the front door of the store of Curt Lavin, wrecking it.

It was dark at the time of the accident. According to Mr. Congleton, he was driving about 20 miles an hour. He sounded his horn fifty feet from the intersection of the roads and could not see the buggy at the time, he said. It drove into the front of the car and he could turn neither to the right or left to avoid the collision, he declared Sunday night.

"It was an unavoidable accident," he said. "I cannot understand why they did not see the lights of my car and hear the horn."

Leslie Gibbons was sitting between the two girls on the seat, driving, he said.

The dead woman had been employed at the hotel as maid for about two weeks. Miss Wells is related to Mrs. Jessie Gibbons, who operates the Leonard, and is the mother of Leslie Gibbons.

A passing automobile brought Miss Wells to Lexington to receive medical aid. She was taken to her room at the Leonard. The body of Miss Horn was brought to the city soon after the accident.

The accident occurred within sight of the home of Samuel Downing, Jr., where first aid was administered. None of the persons there saw the accident, it was said.

### Dr. South's Car Overturns

Frankfort, Dec. 13—Dr. John G. South, was seriously injured Sunday afternoon when the steering gear of the car he was driving broke, throwing the car over an embankment on the outskirts of the city. While the extent of his injuries will not be known until after an examination by Dr. Louis Frank. Attending physicians say that his back was wrenched and he was injured internally. He was driving a small sedan, the top of which was demolished. Dr. South is president of the State Board of Health, and the husband of Mrs. Christine Bradley South.

## TRAGIC FATE OF J. W. MARTIN MONDAY

**Missed His Footing While Crossing Track Ahead of Train and Was Ground To Pieces**

Monday at noon at the intersection of the L. & N. and L. & A. railways, north of Main street, Richmond, J. W. Martin, section foreman on the L. & N. started across the track of the main line in front of approaching passenger train No. 37, from Cincinnati to New Orleans, missed his footing and was ground to pieces.

Martin, who was 54 years of age, had been an employee of the company for 22 years. This is said to have been the first accident which had befallen him in that period of railway service. He leaves a widow, a resident of Richmond.

The accident took place in the presence of a number of track men who were leaving for their dinner. Martin had given instructions regarding the work for the remainder of the day and was preparing to go to his noonday meal. He started across the track which workmen state, he would have cleared easily before the arrival of the train, had his foot not slipped. He was precipitated to the track in front of the speeding train, the engineer not having any time in which to even check the momentum.

Martin's body was terribly mangled. Coroner Muncy was summoned. Coroner Muncy was taken to the latter's establishment, West Main street, where it will be prepared for burial.

## JAMES PARKS IS NABBED BY POLICE

James Parks, colored, made the mistake of his life when he returned to Richmond after an absence of several months and misjudged the police facilities. He had no sooner hit the city than Patrolman Win. Maupin was on his trail. Parks, who is said to be wanted on a larceny charge, appeared in the eastern part of the city. So did the officer. The latter saw Parks and Parks saw the policeman. There was a chase, the officer running his quarry into a small building, which was broken open and the fugitive taken into custody. He will be given a hearing later. It is claimed that Parks has been in the habit of taking things from automobiles parked about the city.

### Walls Blown Out By Bombs

Belfast, Dec. 13—A dispatch received here from Cork says that the fire hose was cut, rendering useless the efforts of the firemen. Two acres soon became a furnace. The front walls of houses were blown out with bombs. The great block between Maylor street and Fish street still was burning Sunday afternoon the fire eating its way backwards.

The Lord Mayor of Cork has telegraphed the Lord Mayor of Dublin stating that the fire brigade at Cork is unable to cope with the outbreak and begging for help. It is possible that a Dublin fire brigade will be sent by special train.

## MORGAN EVANS BUYS BREWER FARM

The J. F. Brewer farm near Fox-town, was sold last week by that hustling firm, the Freeman Realty Company, to Mr. J. Morgan Evans. This farm is a splendid piece of land and all figure that Mr. Evans secured a bargain. It contains 130 acres of good blue grass land. There was a big crowd on hand and Col. Jesse Cobb, the famous auctioneer, was at his best. One bidder was here from as far away as Lexington, and he told the real estate men that he had seen the advertisement of this farm in the Richmond Daily Register and drove over to see if he couldn't pick up a real bargain but Morgan Evans beat him to it. However, Messrs. Dunbar and Caldwell, of the Freeman Company, say they are mighty well pleased with the way the Daily Register brings 'em to their sales from this and many other counties.

## BEN POWELL ISSUES HIS ANNOUNCEMENT

Ben R. Powell, Tax Commissioner of Madison county for the past four years, authorized the Daily Register to announce him as a candidate for renomination and re-election, subject to the action of the Democratic party. To say that Mr. Powell is one of the best known and most popular officials in the county is expressing nothing but the plain, simple and unvarnished truth. If he has an enemy no one knows it, and he has proven in other races that he has made that he is one of the strongest runners in the county today, having lead the ticket in the last county primary. His friends say that his record in charge of the tax commissioner's office during the past four years has been so good that they feel he is entitled to an endorsement from the people. He is very familiar with such work, having served as deputy assessor for three years before being elected Tax Commissioner.

### THOS. WILCOX ACCEPTS GOOD POSITION WITH L. & N.

Thomas Wilcox will leave soon for Hazard, where he will take up his duties with the L. & N. railroad company, he having accepted a lucrative position and will move his family to Hazard or Ravenna in the near future. He will take up his new duties on Dec. 15. Later, it is expected he will be transferred to Ravenna, which will be his future headquarters. Mr. Wilcox has been engaged in the distribution of newspapers for some time and is a well known resident of Richmond. Friends do not fear but that he will prove eminently satisfactory to his new employers and are gratified to learn of his opportunity with such a concern.

### VALLEY VIEW WOMAN LOSES SISTER IN LEXINGTON

### BIG HILL MERCHANT ILL

M. D. Settle, 79 years of age, one of the oldest residents of Big Hill, where he has been a merchant for years, is seriously ill of pneumonia, and there is said to be little hope for his recovery. Mr. Settle had been in good health until very recently.

## SOMEBODY PLEASE TELL THE BUTCHERS

Chicago, Dec. 13—Wholesale prices of fresh meat cuts, both beef and pork, reached the low levels of the pre-war period with the close of business last week. Armour & Co., announced Sunday in a public statement. Beef prices, the last to be adjusted, declined to the lowest levels of the year, says the statement.

Lower prices for live stock which have resulted from declines in feedstuffs and from excessive receipts of stock in all markets have had marked influence on the wholesale selling prices of all meats, resulting in a level of prices that ruled in 1914, in many instances.

"Fresh beef carcasses were offered to the retail trade at prices that averaged between 14 and 15 cents a pound, a price almost as low as in 1914. Light pork loins, the price of which is the index of all fresh work cuts, sold for 21 cents as compared with the pre-war price of 22 to 23 1-2 cents.

Lard was offered at 6 cents a pound under the price of April 1, 1917, which was 20.37 cents. The average price of sweet pickled and cured pork products was 17 cents, that being three cents under the price of April, 1917.

"The market value of hides, 14 1-2 cents in the aggregate of the ten grades, has dropped 6 cts. a pound from the normal price that existed in 1917, and is at this time one cent a pound lower than the price that obtained in 1912. Subnormal value of by-product from cattle of which hides is typical, have had a tendency to hold up the price of fresh beef carcasses and had the market for the by-products held reasonably stiff, the beef meat prices would have effected further declines by this time."

## BAR ALIENS A YEAR

(By Associated Press)  
Washington, Dec. 13—Last minute attempts by House leaders to restore to the Johnson immigration bill the clause restricting immigration for two years, failed today, the House approving by a vote of 181 to 165 the Mann amendment limiting the barring of aliens to one year.

The House a little later passed the bill with a clause prohibiting immigration for one year by a vote of 233 to 41. It now goes to the Senate, where, Senate leaders predict it will be defeated.

### Big Hill Bootlegger Anxious For Freedom

Jim Hignite, who is said to have done a thriving business in the way of illegal liquor selling in the vicinity of Big Hill before caught by Federal agents, will soon complete his sentence at the county jail, and stated Sunday that he would be "mighty glad when it was over." Hignite is used to the open, and his confinement is telling on him. He is an inveterate smoker, however, and seems to be enjoying additional pleasure in his pipe, his one inseparable companion.

## MISS WARD MAKES HIT IN LEXINGTON

Patrons of the Ben Ali theatre at Lexington were given a decided treat Sunday with solos by Miss Anna Bell Ward, of this city, as one of the features of the program. Miss Ward has a rich soprano voice of much strength and power. The Lexington papers carried a large cut of her with this below it:

"This pleasing soprano singer is not a new comer to the Lexington public, as Miss Ward scored a decided hit with local theatre-goers a few years ago when she played a most successful engagement at the old Colonial theatre and upon several occasions for special engagements in the past year her popularity with the Lexington public has proven tremendous. Upon every occasion that she has appeared before the Lexington public she has been repeatedly encored. Miss Ward is a soprano singer of rare ability and talent and the possessor of a most charming personality. Her repertoire of songs is delightful. The Lexington public will welcome the appearance of this popular favorite at the Ben Ali with much applause."

## MISS TEVIS IS TO BE BURIED HERE

A special dispatch from New York Sunday said: The body of Miss Betsy Tevis, 18, formerly of Richmond, Ky., who shot and killed herself at her sister's home here Thursday night, after, it is claimed, her pretended millionaire lover telephoned breaking an appointment to elope with her, will be taken to her home in Richmond, Ky., for funeral and burial. It was announced by relatives today. Miss Tevis had been making her home with her sister, Mrs. Joseph Talbot in this city, for the past several months, and after a brief courtship planned to marry a man whose name has not been learned. She was dressed for a party but intended to join her sister for a runaway wedding, it was reported, but the man is said in current stories to have broken the appointment after learning it might be several years before Miss Tevis would come into her reputed fortune. Miss Tevis was a daughter of Mr. and Mrs. Wm. Tevis, formerly of Richmond. The remains of Miss Tevis arrived in Richmond Sunday night and interment will be Monday afternoon.

The new corner danger signal lights at Irvine and First streets and Irvine and Second streets have been installed and were in use Saturday night for the first time. Those at Main and First, Second and Third are being placed and will soon be in service. The lights are protected with a large red globe, which it is believed, will be sufficient warning to motorists in the future and at the same time do effective work to keep traffic to the right side.

## Weather For Kentucky Rain and colder tonight; Tuesday cloudy and colder; probably rain in east portion.

## AMBUSH MILITARY; CORK SET ON FIRE

**Men Are Dragged From Their Home and Shot—Ireland Is In a State of War**

Dublin, Dec. 13—The central portion of the city of Cork has been burned to the ground and other portions of the city are ablaze.

The conflagration followed an ambush of the military at Pilton's Cross Saturday night in which four persons were killed and many wounded.

Three civilians were taken from their homes and shot dead after the ambush of the military. Then the fires started. There were bomb explosions and firing also was heard. The populace is panic stricken.

The municipal buildings, the Carnegie Library and the Corn Exchange, which cover a large area, have been consumed by the flames, which are so hot at places that passing tram cars have been set on fire.

A proclamation declaring that the public must at once realize that Ireland is in a state of war with forces of the British crown, has been issued over the signature of the officer commanding troops of the Irish Republican army at county Monaghan.

The proclamation which sets forth that armed gangs in county Monaghan have been attacking and murdering citizens, state that "while we extend the hand of friendship to all Irishmen, murder gangs and their guides and informers shall be summarily dealt with."

The proclamation further explains recent raids for arms carried out in the county Monaghan by stating they were ordered in anticipation of a similar disorder by the British government.

### 300 HOUSES BURNED IN CORK

(By Associated Press)  
Cork, Dec. 13—More than 300 buildings are said to have been destroyed in the fires yesterday which laid waste a great part of this city. Most of the fires have been extinguished but there are occasional sporadic outbursts of flames.

A military patrol was ambushed at Cloyse, near Queenstown yesterday. The attackers threw bombs from two houses. Two of the attackers were killed several wounded and two captured. The house from which the bombs were thrown was burned.

### ALL IN READINESS FOR BIG LEGION MINSTREL SHOW

Everything is in readiness for the American Legion minstrels which gives two performances at the opera house Tuesday and Wednesday evenings this week. The stage settings, which include beautiful drop curtains and electrical effects, have been hung and the final rehearsal has been held. The boys are ready for the big show with ragtime songs, ballads, jokes, dances and specialty numbers. The full program will be printed in the Daily Register Tuesday before the first show.

Gov Bowen was with the boys on Sunday, putting the finishing touches to their stunts. The show promises to be full of pep from the rising of the curtain. Interest is very keen all over town and the entire house is said to have been sold out already for the first performance.

The big street parade, featuring a large number of musicians will be given Tuesday afternoon at 2:30.

### L. & N. On the Job

When it comes to doing things promptly, the L. & N. railway must be handed the ribbon, for since the decision of the city at a recent council meeting to assist with East Main street crossing and the railway decided to do it's part, there have been busy times there. The railway company put a force of men to work immediately and the concrete crossing will soon be realized.

## WESTERN GROWERS PLAN TO SET PRICE

**Organization Made At Owensboro Plans To Hold Crop Till Buyers Pay For It**

Owensboro, Ky., Dec. 13—In an effort to bring the prices being paid for the 1921 crop of tobacco to an average at least above the cost of production, the Green River Tobacco Marketing Association was formally launched here Saturday. The meeting was attended by a crowd of growers from every section of the Green river country.

By practically a unanimous vote, the executive committee was given the right to conduct the sale of the 1920 crop of tobacco for the growers who became members of the body.

Pledges will be circulated at meetings in every school district Monday night. The names of the growers who do not sign the pledges will be recorded for the purpose of obtaining a correct estimate of the crop in this county. Each of the school districts will name a chairman to report to a meeting in Owensboro Wednesday morning when it will be learned what amount of the Daviess county crop of tobacco has been pledged.

It is the plan of the Executive Committee to lease local factories, and, if possible, some of the loose leaf tobacco warehouses in Owensboro for the purpose of handling the pooled tobacco. The pledged tobacco will be graded and a price fixed upon it by the executive committee. The buyers will be advised of the amount and quality of tobacco for sale and the minimum prices they will be expected to pay. All of the tobacco that is not taken by the buyers will be prized in hogheads at Owensboro factories and stored in factories and warehouses until there is a market for it. It is thought that practically all of the low grades will be handled in this manner. The cost of putting tobacco in a hoghead is about \$2 per 100 pounds. The matter of cutting out next year's crop will depend upon the amount of tobacco that is sold in this district this season. It is probably that this question may not be considered for several months.

In the meantime, none of the owners of the local looseleaf tobacco warehouses has shown any inclination to close pending the organization of the pool and the floors will again be opened Monday. As soon as Daviess county is organized, the campaign will be extended to other counties in the Green River district and to southern Indiana counties.

## THIEVES GET INTO BANK AT WALTON

(By Associated Press)  
Walton, Ky., Dec. 13—Thieves using nitroglycerine, blew the door from the vault of the Walton Bank and Trust Company early today and rifled the safety deposit vault but did not attempt to open the large money safe. They took the contents of 12 safety boxes, and carried 18 away. No estimate of the loss is possible now according to President R. C. Green. There is so trace of the thieves whose work was discovered this morning by the janitor.

### COULD USE MORE FIRE HOSE HERE

While there has been no application for new hose for the Richmond fire department and which will be provided within a very short time, even more hose is needed, according to Chief Benj. Daugherty, of the fire department. He stated that at the recent fire, more than 1,000 additional feet of hose could have been used to advantage. There was this amount on hand, however, its inferior quality from long use would not admit of its being pressed into service.

The coats and boots ordered by members of the fire committee will be used especially by handlers of the hose. The nozzle men will have gloves as well as the other raiment and their work will not be rendered so disastrous to their clothing. The firemen have been complaining especially as a result of this effect upon their wearing apparel, when called out to fight a fire on Sunday night.

### It's an Uphill Pull for Polish Boys

Bare feet and tattered clothes, little to eat and less to wear, such is the fate of thousands of children in central and eastern Europe. These boys in Poland are only a sample of the 3,500,000 destitute youngsters that the European Relief Council plans to help through the cold days of the coming winter. To that end eight great organizations in America have merged to form the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Federal Council of the Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A. have decided to co-operate jointly to raise \$33,000,000 to help the European children over the hill.

### In Appeal to the American People

THREE and one-half million children in Eastern and Central Europe have no alternative to disaster between now and next harvest except American aid. For months these most helpless sufferers in the track of war have been admitted to American feedings-stations only if tragically undernourished, and have received American medical aid only if desperately threatened by death from disease.

One 5 cent hot American meal today has saved a thousand lives.

Winter is closing down. The money of many nations is valueless outside their own boundaries. Economic and crop conditions make famine, with its terrible train of diseases, a certain visitor until next harvest. Inevitably the helpless children will suffer most. No child can grow to health and sanity on the pitiful makeshifts for food with which millions of European adults must content themselves this winter. It is obvious that the remedy can come only from outside.

America saved 6,000,000 European children winter before last. Normal recuperation cut the need nearly in half last year, but unusual conditions have resulted in scanty shipment of child destitution during the twelvemonth just past. The response of America must now decide whether 3,500,000 of these charges, in acute distress, shall begin to be turned away in January from more than 17,000 asylums, hospitals, clinics and feeding-stations dependent on American support. There would be no tragedy in history so sweeping or so destructive of those who can deserve no evil.

The undersigned organizations, working among every race and creed, many engaged also in other forms of relief, agree unanimously that the plight of these helpless children should have complete priority in overseas charity until the situation is met. This is an issue without politics and without religious lines. There can be no danger of pauperization, for the \$23,000,000 for child food, and the \$10,000,000 for medical service that we seek, will relieve only the critical cases. The medical supplies, of course, must be an unqualified gift, but for every American dollar used in child-feeding, the governments and communities aided furnish two dollars in the form of transportation, rent, labor, clerical help, cash contributions and such food supplies as are locally obtainable.

America has not failed in the past in great heartedness. She has never had a more poignant call than this. Contributions should be turned over to the local committees which are now being formed for this national collection, or sent to Franklin K. Lane, Treasurer, Guaranty Trust Co., New York City.

#### WILSON URGES HELP FOR STARVING CHILDREN

(By Associated Press)  
Washington, Dec. 13—President Wilson today called upon his "fellow-countrymen" to contribute funds to save three and a half million children who are facing starvation in central Europe. The president announced he would adopt 20 of these children as his temporary wards and said that \$10 contributed through the European Relief Council would save the life of one child.

## FACTS ABOUT TANLAC ARE GIVEN TO PUBLIC

Special Representative Tells Why It Has Become Most Talked-of Medicine in the World Today.

NO GREAT MYSTERY ABOUT IT, HE SAYS

Merit Alone Has Confirmed It In the Minds of the People All Over the American Continent.

W. B. Logan, special representative in the Southern States for Tanlac, the medicine that has created such a sensation all over the United States and Canada, gives some highly interesting facts about Tanlac and the remarkable results achieved by it. "Contrary to popular opinion," he stated, "there is no great mystery about Tanlac, except in so far as the chemistry of the human body itself and what it does with substances taken into it, is a mystery. Some of the ingredients of Tanlac have been known and used as medicines for centuries. Others are of more recent discovery, but every one of them is of recognized therapeutic value and used by the medical profession everywhere. Tanlac is simply a comingling of these medicinal elements in a way hitherto unknown and which brings out their curative and reconstructive powers to a most remarkable degree. Briefly, it allays irritation of the stomach, strengthens the digestive and assimilating organs, builds up and revitalizes the whole system, and gives the body new powers of resistance and strength. Gratifying gains in weight are not uncommon, especially where a person has suffered from undernourishment brought on by dyspepsia, indigestion, illness, operation or other causes.

"It is a demonstrated fact in medical science that the stomach is the starting point of most ills that afflict the human body, and many of the so-called diseases are not diseases at all, but reflex symptoms of the stomach derangements of the weakened condition of the body that naturally follows. Some kind of rheumatism, gastritis, palpitation, nervousness, kidney disorders and liver complaints are among the more common troubles through the stomach. Scores of other diseases have been traced to the same source.

"Tanlac was made especially to overcome these stomach complaints and the so-called diseases and symptoms that follow them, but the astonishing reconstructive powers revealed by it have not only astonished the general public but have somewhat surprised the originators of the medicine themselves. Thousands of letters reach the Tanlac offices from all parts of North America telling of the remarkable results derived by people who have suffered for years without being able heretofore to find relief.

"Naturally, these remarkable achievements have spread the fame of Tanlac to all quarters of the continent and the demand for it has necessitated working the laboratories night and day.

"The tremendous popularity of Tanlac grows steadily instead of diminishing and can be explained in only one way—merit. Its results to be more permanent than hitherto believed possible. Thousands of persons who took it when it was first introduced five years ago report they are still enjoying excellent health, and millions of American homes are now using Tanlac as the family medicine after having first tried it out thoroughly.

"Tanlac is sold in Richmond by Stockton and Son, in College Hill by Ginter Brothers, in Berea by Welch Department Stores. It

Rayburn—Grinstead.  
On December 10th at the Phoenix Hotel in Lexington, the marriage of Miss Margaret Rayburn and Mr. Robert B. Grinstead was solemnized. The fair young bride is the attractive daughter of Mr. and Mrs. Henry Rayburn and her lovely disposition has won the hearts of many. Mr. Grinstead is the son of Mr. and Mrs. A. W. Grinstead, and a fine young business man. He is now connected with the Waco Bank. The only attendants were Mr. and Mrs. Jephtha Jett and Mr. Lewis Rayburn. Many friends

wish these young people a bright and happy future.

### Gibbs—Elmore

Miss Elizabeth Gibbs, the popular and attractive daughter of Mr. and Mrs. Luther Gibbs and Mr. J. E. Elmore, both of Garrard county, were married at the bride's home in Lancaster Thursday afternoon at four o'clock. The Lancaster Record which was printed before the happy event, has this to say: The entire lower floor of the house will be thrown together and will have lovely decorations of plants, smilax and a quantity of white chrysanthemums, a graceful altar of palms and ferns, lighted with cathedral candles, being arranged in the drawing room. At the first notes of the Bridal Chorus, the maid of honor, Miss Mary Mae Walker, dressed in black velvet with a black picture hat, and carrying a huge bouquet of white chrysanthemums, will enter and take her stand at the side of the altar. She will be followed by the bride couple. The ceremony will be performed by Rev. Harry Hudson, and will be beautiful and impressive. The bride is one of

Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid.

Lancaster's popular girls and will be charming in a blue satin, trimmed in lace and embroidery. She will wear a stylish blue hat and carry a huge bouquet of white chrysanthemums. After congratulations and best wishes for all joy and happiness, the couple will leave for a bridal trip and on their return, will make their home with the bride's parents on Lexington avenue. The bride is the only daughter of the house and is a much loved young woman, bright, attractive and admired by all who know her. The groom is the son of Mr. and Mrs. J. W. Elmore, of Lancaster, and is popular with a host of friends and highly esteemed by all.  
Many Richmond friends extend congratulations and good wishes to Mr. and Mrs. Elmore, both being well known in a quite popular here.

### Luncheon-Bridge.

Miss Elizabeth Turley was hostess to a most attractive luncheon-bridge Saturday at her home on the Campus. Narcissus, pink rosebuds and stelia were used as decorations in the drawing room and hall. A delicious two-course luncheon was served the following guests: Mesdames Allen Zarling, Hale Dean, S. J. McGaughey, T. C. McCown, T. J. Turley, T. D. Chenault, Garnett Millon, M. C. Kellogg, R. C. Stockton, Joel Park, Harris Noland, Harold Oldham, W. P. Millard, Harry Hanger, Jr., E. C. Stockton, R. R. Burnam, Jr., Selby Wiggins, J. P. Chenault, Marshall Collins, Shelton Sauley, Brutus J. Miss Viola Powell, 13, and Mr. Allen Walters, 21, both of College Hill, were issued license to marry here the latter part of the week. Many friends will extend all good wishes.

### Mrs. Lilly's Beautiful Tea

The Lexington Leader said Sunday Mrs. D. Clay Lilly, a newcomer to Lexington, and members of the Boonesborough chapter, D. A. R., of Richmond, were guests of honor at the beautiful afternoon tea given on Saturday by Mrs. Grant E. Lilly at her home in Mentelle Park. In the receiving line with the hostess were Mrs. D. Clay Lilly, Mrs. James W. Caperton, of Richmond, Mrs. Lafon Riker, of Harrodsburg and Lexington, Mrs. Victor Dodge and Mrs. S. A. Fletcher, of Lexington. The cards were received at the door by little Virginia Brown in a dainty white organdy frock. Assisting in entertaining were Mrs. Andrew Bowman, Mrs. L. Rutherford Blanton, of Richmond, Miss Austin Lilly, Miss Jeanette Pates, and Miss Kathleen Sullivan of Richmond and Miss Elizabeth Lilly.  
The decorations were elaborate and beautiful. Christmas greens and lovely flowers were throughout the attractive home, which was lighted by tapers. An orchestra placed in the rear hall, played during the receiving hours.  
The living room had many fragrant cedar boughs on the mantel, bookcases and over the doors, with holly and baskets of white narcissus. It was lighted with white tapers. The rear

Folks With Thin, Pale Blood Hesitate—Feel Uncertain

Should Take Pepto-Mangan

Red-Blooded Men and Women Know What They Want To Do and Do It

If may be you are just recovering from a sick spell—or may be your system is run down and your blood so weak that you are in poor shape to resist infection—

But if you don't feel and look robust you are not robust. Such state is often due to weak blood not enough red blood cells, a condition known as anemia.

The best remedy for anemia (bloodlessness) with its low mental and physical vigor is Gude's Pepto-Mangan.

Pepto-Mangan supplies the weak, watery blood with the very elements it needs to put new life into it. It repairs, recreates, and rebuilds the exhausted blood, the vital fluid of health and life. Try Pepto-Mangan if you are "run-down." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all druggists.

hall was decorated with holly and greens and cedar was entwined in the stair balusters. A basket of yellow tulle was on the newel post and yellow tapers with yellow shade gave a soft light. The music room also had the greens in white basket with light from white tapers. Over the French doors leading into the dining room were wreaths of holly. The dining room was in yellow and white, the table having a lace cloth and in the center a tall basket tied with a bow of yellow tulle and filled with white narcissus. Crystal candlesticks holding yellow tapers with yellow shades and bonbon dishes of yellow and white mints and salt almonds were also on the table. A delicious salad course was served, the ices, cakes and mints being in yellow and white.

Those from Richmond who were invited for the lovely affair were Mesdames T. S. Burnam, H. C. Jasper, M. E. Gaines, L. R. Blanton, W. O. Mays, Bettie Reynolds, T. T. Covington, T. E. Liddell—Davis.  
The following from the Courier-Journal will be of interest to the friends of bride and groom here and in this section: The wedding of Miss Bothia Richardson Liddell and Mr. L. H. Davis, of Paint Lick, was solemnized quietly at 4:30 o'clock yesterday afternoon at the home of the bride's sister, Mrs. Clarence R. Diddie, and Mr. Dinwiddie in Audobon Park. The ceremony was performed by Rev. R. Ernest Akin, before an improvised

altar of palms and ferns. The house was decorated in palms and pink chrysanthemums. The bride wore her travelling costume of midnight blue, with hat to match. Four little boys who held the ribbons to form an aisle for the entrance of the bride were Masters Thomas Wagers, of Richmond, Harry C. Woodard, Henry Bryan and David Castleman. Miss Marie Castleman, who carried the ring, wore a dress of cream net over pink silk. Miss Jacqueline Liddell Wagers, of Richmond, the flower girl, wore a white frock. The ceremony was followed by an informal reception. Mrs. V. M. Liddell, mother of the bride, wore a gown of black net over black satin. Mrs. Dinwiddie wore black satin. Mr. and Mrs. Davis left to spend the winter in Florida.

Many Richmond friends have good wishes for the little daughter of Mr. and Mrs. Bullitt McCoun, of Frankfort, who was born at the Good Samaritan hospital in Lexington Thursday. Mrs. McCoun was Miss Daisy Moore Porter, of Lexington, who frequently visits her aunt, Mrs. T. S. Hagan, of this city.

### FEDERAL TAX ON MADISON ESTATES

Uncle Sam Derives Benefit From Properties But Is In No Hurry To Collect the Revenue

W. T. Mills, federal inheritance tax man, has been in the city for a few days looking after the government's interest in several big estates which must pay the federal tax. There are a number of them to be given consideration later. A small per cent of tax goes to the government where the estate exceeds \$50,000 in valuation. One per cent of tax is collectible by the government after this figure is reached, and two per cent after the next \$100,000 has been reached. The per cent of tax continues to increase with the increase in the sum total of the valuation of the property left.

Those in charge of the estates being investigated, have been apprised of the fact that they are expected to make a report to the government regarding the valuation of the property which, Mr. Mills said, they are doing.

Uncle Sam, while attentive, does not hurry in such cases and Mr. Mills said that it would perhaps be a year before any tax would be collected from the recently bequeathed estates. "Madison county is rich in the way of big estates," said Mr. Mills, "and I enjoy coming here. There is never any difficulty. I merely come to look after the affairs of the government, and about all I have to do is to acquaint those in charge of the estates with the law pertaining to the government tax and they see to it that it is paid."

### SWIFT'S PRODUCE REVIEW

Fresh eggs are available in larger quantities, indicating that production has commenced. A continued increase in receipts is expected with a tendency toward lower prices. Butter has ruled lower on the leading markets of the country and prices paid for butterfat have been reduced.

The supply of fresh butter is larger than for the corresponding week last year.

Receipts of poultry are not as heavy as expected, but this has been offset by a lighter demand in the consuming centers. Surplus dressed poultry has been placed in storage for later use, and this has had a stabilizing effect on the market.

## PROMINENT MEN IN XMAS APPEAL FOR ARMENIANS

Former President Taft Leads in  
Eloquent Plea for Support of  
Near East Relief.

To save the lives of 800,000 people in Armenia and other western Asian countries and to care for more than 250,000 orphans who are homeless there former President William Howard Taft, Henry Morgenthau, former ambassador to Turkey, and Alexander J. Hemphill, the New York banker, as members of the Executive Committee of Near East Relief, the former American Committee on Armenian and Syrian Relief, have issued a Christmas appeal for continued support of this organization and its work.

Near East Relief is now operating under a government charter and is practically alone in the western Asian field, the Red Cross several months ago having announced its withdrawal.

The Christmas letter, a classic of its kind, is as follows:

"Dear Friend—Another little child has starved up and died. The mother, creeping back, gaunt and cold, from the desert, has put down the thin little bones with those that strew the road and has sunk beside them, never to rise again.

"Only a little child and a mother out on the bleak Armenian road! But what is that vision hovering there and what is that voice the cold winds hear to the ears of our souls—I was hungry and ye gave me no meat; I was naked and ye clothed me not."

"Today—yes, today—while we are preparing our gifts for Christmas, many more of these little children—not a hundred nor a thousand, but 250,000 of them—are still wandering uncared for and alone in that dead land, their weakened skulls clinging in fear to their rattling bones, and they are crying out with gasping breath, 'I am hungry, I am hungry.' And the voice of one who watches us as we prepare gifts to celebrate his birthday comes again to the ears of our souls—I am hungry! I am hungry! I am hungry!"

"Now, the children and the mothers in Armenia are dreading the winter. Just human remnants they are, not protected, many of them, from the elements by even the dignity of rags. The most favored have merely shaggy, ragged coats. How shall we give our Christmas songs and laugh and light the candles and give beautiful gifts while that pleading voice cries in the ears of our souls, 'I am naked and cold—naked and cold?'"

"But we can feed and clothe these perishing ones—some of them—before it is too late. Herbert Hoover has called that the loss of 200,000 lives can at this day be prevented, but the remaining 600,000 can possibly be saved. They need not starve and freeze and die if we will save them. In the name of him who saw the multitude 'as sheep not having a shepherd' and was moved with compassion toward them, who exclaimed when his disciples would turn them away, 'They need not depart, give ye them to eat,' open your heart and purse and give to these Christians who are suffering for him and with whom he is suffering. They need not die. Give ye them to eat."

"Fifteen dollars a month will provide food, clothes, shelter and education toward self support for one orphan child."

"Ten dollars a month will provide food, clothes and shelter for one orphan child."

### Home in Chicken Coop O. K. After Life in Flat

Chicago.—Discovery of a family of nine persons living along with their fowls in a chicken coop—all that the tornado left of their home—was made in Bellwood. When Red Cross officials started to move them to more habitable quarters, the family raised walls of protest.

"We don't mind living in our chicken coop," explained Gustav Kraft, head of the family. "You see, we lived in a Chicago flat once."

# Buy Your Pathe Phonograph for Christmas NOW and you will receive \$25 worth of Records FREE

Your Own Selection From Latest Lists

TODAY is not a minute too soon to buy your Pathe Phonograph for Christmas. In addition to the phonograph which costs \$150, you also get free \$25 worth of Pathe Records of your own selection—only because this free gift is the way in which we are celebrating the 25-year jubilee of Pathe Freres of Paris.

## Why you should own the Jeweled Pathe

There are five distinct and definite reasons why you should own the genuine jeweled Pathe in preference to all other phonographs.

- 1st. Because the full, clear tone of each individually toned instrument is reproduced by the pure tone chamber and the famous Pathe Sapphire Ball.
- 2nd. Because there are no needles to change on the genuine Pathe. The Sapphire Ball never wears out, neither does it wear out the records.
- 3rd. Because the Pathe plays all makes of records, and plays them with more natural and lifelike tone than any other Phonograph. The entire wealth of music of the phonograph world is available to you, if you own the Pathe.
- 4th. Because the Pathe is always ready to play. Just slip on a record and the Pathe is ready.
- 5th. Because the Pathe Controlla enables you to play any record loudly or softly with the same Sapphire Ball.

## NATIONWIDE FIGHT AGAINST DISEASE

American Red Cross Will Have  
Health Centers in All Parts  
of United States.

The American Red Cross has launched a nationwide campaign of fighting disease and physical defect among the American people. A new health institution has come into being as the result of several years' study by the Red Cross Health Service Department at National Headquarters.

Dr. L. B. DeLoach is in charge of the department. He has been long this new health center, which will be in actual operation all over the country, and that the sign—American Red Cross Health Center—will be as familiar to the people as the sign—American Red Cross—is now the signs of the Red Cross.

#### SILVER CREEK BRIDGE

##### PROVES DANGEROUS SPOT

While the work of improvement is going on at the Silver Creek bridge a mile this side of Berea, Ernest Hall, driver for the Western Petroleum Co., will be glad when the work is finished, for he reports he came near meeting his fate there while returning to Richmond from Berea with a large truck. He says that owing to the narrow road approaches to the

bridge, when a truck wheel slips, there will be a 20-foot fall unless one is very careful. When his truck began to slide, he managed to stop it, and secured the assistance of farmers and teams to pull him out.

All parties having claims against the estate of Alex. Baxter, deceased, hereby notified to call on the undersigned and settle same on or before December 20. All owing said estate must pay by same date. R. G. BURR, GESS, Administrator.

## WHAT WOMEN CAN DO TO CUT COST OF LIVING HERE

NOTED WRITER TELLS SOME WHOLESOME FACTS ABOUT NATION'S EXTRAVAGANCE.

### BUYERS ARE NOW ROUSING

Remedy is to Work and Save, Increase Production and Get Money's Worth.

In his comment on current events, Richard Spillane, in Commerce and Finance, has the following to say concerning the work of the women of America in their organized campaign for thrift and saving and against high prices:

"A wall is going up from the women these days owing to the poor quality of goods they get in the department stores and specialty shops and the low grade of workmanship.

"Stuff that ordinarily would not be handled by high class, reputable establishments now is put on the counters and a price is put on it that is little short of robbery. Sales persons are just as contemptuous and supercilious in their treatment of persons who are shocked over the cheap, poorly made articles put on sale at outrageously high prices as if it were a favor to permit a person to buy anything these times at any price.

"The truth of the matter seems to be that in most staple articles, either textiles or furniture or anything else, there is carelessness and profiteering or worse all along the line. Labor is slashed, and manufacturers skimp in every possible way.

"The clothing people are particular offenders. They may not be responsible for the poorer quality of cloths, but they are responsible for poor workmanship on garments. They charge the poor quality of cloths to the mill men, and then excuse themselves for the poor quality of cloth to the mill saying labor is out of hand, and the employer who protects against anything is in danger of having a strike or a new demand for increased pay, so they have to bear the ills they meet and try to wait in patience for time to adjust conditions.

"But if you are a friend, the clothing manufacturer will tell you in confidence he is having a very profitable year, the best in fact of his whole business career. Honesty in manufacturing and merchandising seems to be at a pronounced discount, more of a discount than the dollar is today.

"Here's something worth while. Four hundred thousand women of Pennsylvania, members of organizations affiliated with the National Federation of Women's Clubs, have pledged themselves to earnest economy in household and other expenses in the first three months of the new year.

"Every woman is to keep a detailed account of her daily expenses and study for every reasonable reduction in expenditures. Every woman will strive to conserve food, fuel and clothes and eliminate waste of material and goods and labor. Every woman will keep track of every cent that is saved. Every woman will invest every dollar saved in Government Savings Stamps paying 4.27 per cent interest and report to her state and city chairman as to the saving.

"That's business. More power to those good women, and all honor to them.

"If the men of the nation would follow suit many of the ills from which we are suffering would end.

"There is a specific for the woes of the work. It is simple and known to all men, but few accept it.

"What is it? Simply this: Work and save. We do too little of each, and never was this so true as today."

Commerce and Finance also makes the following editorial comment:

"In a letter to Mrs. W. H. Winslow, president of the Chicago Woman's Clubs, Mrs. Cyrus H. McCormack asks the women not to forget that there is still an important responsibility upon them as women to continue war-time conservation and exercise their influence and their self-control to stem the tide of extravagance and help to avert a national crisis. We hope this appeal will be heeded. The women's clubs of the United States exert a wide influence. If they will use it to make economy the fashion they will do a great service."

Money invested now in Liberty Bonds, which are a little below par on the market, is very much better than buying expensive clothing, furniture, jewelry and luxuries of all kinds, that command prices away above their actual worth.

#### A PHONETIC ANSWER.

"Children," said the teacher, "I want you to tell me something about Pawtucket. It is part of our geography lesson today. What is important about it?"

"Teacher, I know," Johnny stood up, "Treasury Savings Certificate."

"How do you make that out, Johnny?" she asked.

"Cause I went to the bank with my dad and the man said, 'I have a fine investment to offer in a Treasury Savings Certificate,' and Pawtucket."

## THE AMERICAN RED CROSS IN PEACE TIME

With the Soldiers

There remain in army hospitals throughout the country more than 26,000 soldiers still being treated for wounds received overseas. Red Cross workers give them the same sort of friendly aid—only more of it—that was given during the war. Furthermore, the Red Cross is reaching these later occupations at which they can later make a living and is keeping in touch with their home folks in order that no dependents may suffer for lack of funds.

## FARMERS SPURN GRAND PIANO

Instrument Sells for \$250 as New  
Yokers Pay \$150 for Blind  
Horse.

Riverhead, L. I.—The eastern Long Island farmer seems to be a critical fellow.

Just because he cannot use a piano to raise potatoes—there is no sort of affiliation, apparently, between music and potato growing—the farmer refuses to pay as much for the piano as he will for a blind horse.

Frank J. Corwin, the auctioneer, recently astonished the countryside when he got the farmers tumbling all over themselves to bid in a blind horse at \$150 and loose hay for the sensational price of \$75 a ton. He sort of reasoned that if a blind horse was worth that much a grand piano that could make jazz music without much effort ought to bring around \$500.

But the farmers fooled him this time. In spite of all his coaxing, in spite of all his claims that Paderewski would be glad to have this instrument, it was knocked down for \$250.

## TRIES "MOVIE" STUNT; DIES

New York Lad, Aged Fifteen, Strangles Himself to Death with "Third Degree" Device.

New York.—The death of fifteen-year-old Solomon Bernstein is attributed by his two younger brothers, Samuel, thirteen, and Isador, ten, to what he learned of criminal methods from moving picture plays.

Solomon was found strangled to death on the cellar floor of his home.

Around his neck was a small rope, tied in a noose. The other end was swung over a rafter. Tied to the end over a rafter were two iron weights. On the floor beside the body was a butter tub, kicked to pieces, evidently in his efforts to avoid a fatal end to his test of the improvised "third degree." According to the younger boys, the rope and weights were to be applied to Isadore, whom Solomon had accused of stealing a fountain pen cap.

## AGREE ON REMOVING DEAD

French to Permit Disinterment of U. S. Men in the Fighting Zones  
September 15.

Washington.—Removal of the American dead from within the fighting zones in France for transportation to the United States will begin after September 15 under an agreement between the American and French governments. Bodies of men buried outside these zones now are being moved to this country.

The war department, in announcing the agreement, said the terms of the understanding limited the return of bodies of those whose removal to America had been specifically requested by the next of kin.

In transporting the bodies to French ports the American government has agreed to use not exceeding a maximum of 100 standard box cars at a time.

## No More Fixin' for Him.

A \$25 fine fixed it with the court, when Jones was charged with having connected a copper coil to a still. Revenue agents came upon Jones while he was at work.

### DUCK RAISING ON INCREASE

Long Island, N. Y., Contains Large Number of Commercial Farms—There Are Three Classes.

(Prepared by the United States Department of Agriculture.)

According to the census of 1910 there were 2,906,525 ducks in the United States, valued at \$1,567,164, showing a decrease in number of nearly 40 per cent as compared with 1900. It should be stated, however, that the annual census of 1900 was taken June 1, and that of 1910 April 15, which fact would considerably reduce the above percentage, although only fowls three months old or over were reported on only 7.9 per cent of the farms in the country and are most numerous in the following states, arranged according to their production: Iowa, Illinois, New York, Pennsylvania, Missouri, Tennessee, Indiana, Kansas, Oklahoma, Arkansas, and Ohio, the number ranging from about 225,000 head in Iowa to 106,000 in Ohio. New York is the only one of these states which shows an increase in the number of ducks, while all the others show a marked decrease. Long Island, N. Y., contains a number of large commercial duck farms which apparently are quite successful. It would appear, therefore, that commercial duck farms are increasing somewhat, while the production of ducks on general farms as a side issue is decreasing, especially in the middle West.

There are 11 standard breeds of ducks which have been admitted to the American standard of perfection. These may be divided into three classes: (1) the meat class, including the Pekin, Asbury, Muscovy, Rouen, Cayuga, Buff, and Swedish; (2) the egg class, which includes the Indian Runner; and (3) the ornamental class, composed of the Call,

the Crested White, and the Black East India. The common or so-called "pudding" duck is kept on many farms in middle West and South and is generally of small size, a poor layer, and an undesirable type of market duck. Excepting the Muscovy, all of our economic breeds of ducks are said to have originated from the Mallard, or common wild duck.

### GOOD POULTRY HINTS

Keep the nests clean; provide one nest for every four hens. Gather the eggs twice daily. Keep the eggs in a cool, dry room or cellar. Market the eggs at least twice a week. Purchase well-matured pullets rather than hens.

### CHANGE IN BREED OF FOWLS

Breeder Ought to Remember That New Variety May Have to Be Fed in Different Way.

If a breeder who has always kept one kind of hens suddenly changes to another breed, he ought to remember that the new variety may have to be fed and cared for in quite a different way. That will call for study as to the best kinds of food, best methods of housing and many other things.

### DRY MASH HANDY FOR FOWLS

Mixture of Wheat, Bran, Cornmeal and Meat Scrap Should Be Available at All Times.

A dry mash composed of 100 pounds wheat middlings, 100 pounds wheat bran, 100 pounds corn meal, 50 pounds of meat scrap, mixed and fed in hoppers, should be where the fowls will have access to it at all times. All the skim milk should be given that they will clean up in connection with this.

## You want a Battery that fits

"You're right. You can't put a short, fat battery into a long slim box in your car. Then you want a battery with terminals that will shake hands like old acquaintances with your car's wiring terminals.

"But the main thing is to give you a battery with the right capacity to work in harmony with your car's electrical system. Your cutting-in-speed counts—that's the speed at which your generator begins to do business—and the number of amperes it feeds into the battery. Those are just some of the conditions your battery must work under. What it all means is that you want a battery of the right capacity to digest the current fed into it and to handle its work without strain.

"We have EXIDE batteries in all sizes and type to replace batteries of all makes. But we won't sell a battery if your old one is repairable. No matter what its make, if its plates are still sound enough, we'll rejuvenate and guarantee it."

If your battery needs recharging, phone 428—we call for and deliver your battery. We also have rental batteries for use while yours are being recharged or repaired.
